FOR IMMEDIATE RELEASE

Strachan Superfine Cloth is the New Cloth of the IBSF & EBSA

Have you ever wondered what it is like to play snooker in the World Championships at the Crucible, Sheffield, or at the IBSF or EBSA Championships?

Now you can replicate that playing experience on your home or club table. Strachan Superfine with Antikick™ technology gives you the speed, consistency and control only before experienced by the professionals.

The new Strachan Superfine is a genuine innovation. It offers the club or home player the chance to replicate conditions only before experienced by the professional players. It is a light weight but durable, 100% wool, napped cloth that replicates the speed, control and consistency of the Championship No. 10 cloth used for all ranking pro tournaments since 1980, including the World Championships at Sheffield.

The Strachan Superfine cloth has been selected by the International Billiards and Snooker Federation (IBSF) and the European Billiards and Snooker Association (EBSA) for all of their tournaments until 2021 & 2022 respectively.

Stuart Gardiner, UK & Ireland Sales Manager for Strachan said: "Today's players want speed from their cloth but not at the expense of control and response. Other manufacturers make quick cloth but the Superfine, by Strachan, is the only cloth that is fast, whilst offering tournament levels of control. We are proud supporters of the IBSF & EBSA, they want the very best which is why they now use the Strachan Superfine."

Maxime Cassis, EBSA President added: The new Strachan Superfine is an incredible cloth; it is very fast but has incredible levels of response and control. It gives our players the very best conditions available, no other cloth comes close to this."

Strachan Superfine snooker and pool cloth has Antikick™ technology which has almost eliminated the kick from the professional game and the pool version is treated with SpillGuard™ to protect your investment from accidental drink spillage. Superfine is now available from official Strachan cloth distributors worldwide.
